- Collaboration with parents and health care providers...

## Wellbeing portfolio

**If you can imagine it, You can achieve it, if You can dream it, you Can become it.**

- Our teachers spend time with each Parent individually in an effort to know the child. Every little detail learnt from the parent is preserved for the whole academic session.
- Every month, the teacher adds her observations and records anecdotes that shape the child. These anecdotes are shared with Parents every quarter so that the parents and teachers work as a team and Guide the Child in the Right direction.
- At the beginning of the next academic session, the previous class teacher sits with new class teacher and shares the child's progress and personality with her.
- This helps the new grade teacher gain a Prior understanding of each Pupil's attributes. This productive process continues till they step out of their school life.
